

Beaulieu Property Management Solutions

Our Property Management Solutions product line includes six new and exciting carpet styles that are specifically designed to meet the rigorous demands of property management rental living facilities. We include the use of 100% continuous filament nylon, 100% recycled P.E.T. filament polyester, 100% Green Smart staple polyester, and our 100% filament Green Smart solution dyed polyester in the manufacturing of these carpets. All of these easy to clean, durable carpets contain our Magic Fresh self-renewing, odor reducing treatment. Our Solutions 100% BCF nylon carpets have the addition of our PermaShield Advanced Stain Protection Treatment. Our Solutions carpets made from 100% Green Smart BCF solution dyed polyester, provides inherent stain resistance characteristics, and is treated with Soil Resistance Technology.
